TOPS ON TOP

Cindy Crawford on Silestone® Eternal Marquina

A product designed by Cosentino®
25 years ago, Cosentino launched Silestone®, an innovative material that revolutionized the design of kitchen and bath surfaces around the globe.

To celebrate almost 3 decades of hard work and innovation, we are launching a new campaign in which, once again, we are surrounded by great personalities from the world of sport, culture, kitchen and fashion. Men and women who, thanks to their determination and professionalism, have arrived to the top of their careers and, as complicated as it is, have managed to stay on top.

The “Tops on Top” campaign starts with one of the most well-known and valued Top Models in the world. Surprisingly, Cindy Crawford is a simple, down to earth and very close person. The secret to success for this American supermodel is simple and it is very similar to the Cosentino DNA values: a solid family relation, passion for work and humility.

In an exclusive interview a brand-new image of “Tops on Top” tell us about her greatest passions.

“I love healthy food but I couldn’t live without chocolate.”

The New Generation of Quartz Surfaces with

N-BOOST by SILESTONE

Silestone® N-BOOST is an innovative technology which reconstitutes the surface of a material using a special production process, bringing long-term benefits which improve appearance as well as the benefits of Silestone®.

Silestone® N-BOOST makes colours more intense and creates an extraordinary shine, as well as making surfaces easier to clean.

Superior Stain Resistance
Intense Colours
Ultra-shiny Surface

Easier cleaning thanks to its water-repellent qualities.
More intense colours with Silestone®.
Better shine on Silestone Quartz surfaces.

Resistance to Stains
Resistant to Impacts

Silestone® is a non-porous surface which is highly resistant to stains from coffee, wine, lemon juice, oil, vinegar, make-up and many other daily-use products.

Silestone® high level of resistance to impacts allows very hard objects (pots, trays, etc.) to be handled with total ease.

Quartz is one of the hardest minerals that exists. This makes our products very durable, with a high level of resistance to external damage.

The New Generation of Quartz Surfaces with N-BOOST by SILESTONE

Silestone® is Natural Quartz created to provide colour and texture for bath and kitchen surfaces. Thanks to its physical and chemical properties, it guarantees maximum hygiene and safety.

Marinated Mussel Salad

By Chef Sergio Pérez

Ingredients

- 32 mussels
- 120 gr. broccoli
- 4 radishes
- 200ml rice vinegar
- 100ml extra virgin olive oil
- 50ml white wine
- 50ml mineral water
- 2 garlic cloves
- 1 bay leaf
- 1 carrot
- 1 onion
- Pinch of ground black pepper
- 20 gr. black sesame seeds
- Pinch of salt

Method

1. Gently fry the mussels
   With a splash of oil and a crushed garlic clove. Cover until they open with their own vapour.

2. Separate the shells
   Put the meat and the now reduced mussel juices to one side.

3. Make a marinade
   Gently fry the garlic, the onion and the carrot. Add the white wine, the vinegar, the ground pepper and the salt. Let it simmer for around 15 minutes.

4. Keep cold for at least 12 hours
   Cover with a wet cloth during this time.

5. Boil the broccoli
   In plenty of salt. Then cool in water.

6. Cut the radish thin layers
   With the help of a small mandolin. Keep the thin layers in iced water until they need to be used.

7. Plate up ingredients
   Combine broccoli, mussels, marinade, radishes and finish with a handful of black sesame seeds.

Seamless Integration
More than 90% Quartz and 100% Innovation

Designed especially for those who want the best in their kitchen, integrating all the into a revolutionary new product: the Integrity kitchen sink. Thanks to the “one piece” effect, it looks uniform and smooth. Benchtop and sink are united from the very first steps of the design process and are perfectly combined so that there is no break between spaces.

Integrity ONE
In one single piece

ONE is the model which embodies Integrity’s concept. A single kitchen sink in one piece. Measuring 41x51x15.5 cm, ONE, with its rounded shapes, is the perfect choice for those who love curved shapes.

Integrity DUE
Straighter shape

DUE, which is available in three sizes:
DUE S: 37x34x15.5cm, ideal for double sinks,
DUE L: 37x51x15.5cm, ideal for a main or only sink, and DUE XL: 43.5x67x21 cm, with its larger size. Perfect for those who see style and beauty in the sobriety of the straight lines.

Silestone® is reinventing spaces thanks to the new concept of tailor-made solutions for large spaces. Any architectural element turns into an opportunity and gives us infinite aesthetic possibilities. The material adjusts itself to adapt to the space and not the other way around.

Silestone® allows the creation of a complete bathroom in one single material, giving the space better harmony and aesthetic lines.

Top Ideas for your Kitchen

Are you thinking of redecorating your kitchen or creating a more original design? Don’t miss our innovative ideas for decorating with style and a unique personality.

- **black paint**
  - Make your kitchen transmit originality and personality by introducing elements which aren’t a part of it. Some examples could be a large painting leaning against the wall or a sculpture.

- **out-of-place objects**
  - Thanks to this type of paint, you can easily redesign your kitchen, using it on walls, domestic appliances, colours like green wright.

- **mix different styles**
  - Design a unique kitchen by mixing Nordic style and Rustic style: contemporary furniture in a very industrial style space, with appliances on view, brick walls and cement floors.

- **slate paint**
  - Choose slate paint for your kitchen. It will allow you to give new life to your kitchen and masterfully update its look. You can use it to redecorate the front of wardrobes and drawers or to change the look of your electrodomestic appliances.

- **add decorative vinyl**
  - Choose black to create a modern, sophisticated look. You can also create very interesting contrasts with white.

- **decorate with facades**
  - It’s the quintessential work area. Choose materials which allow easy cleaning and maintenance. You can choose the same colour to obtain a visually unified kitchen or another totally different one to create interesting contrasts.

Colours which combine sustainability, design and quality, and which have given rise to a new category in this type of material: “recycled surfaces”. The sustainable alternative to surfaces for the architecture and decor existing in the market.

The new ECO Line Colour Series is an innovative collection of colours, more than 50% having been made from recycled materials.

- Porcelain tiles, sinks and other decorative elements
- Secondhand window panes, containers and glass bottles
- Porcelain stoneware made from tile fragments
- Petrified ash, combustion residue from blast furnaces.

Even 94% of the water used during the manufacturing process is recycled.

All the manufacturing process comply with our rigorous standards, such as Cradle to Cradle certification, which not only certifies the product itself, but also everything included in the production process.
